\*These Connections may be double counted with a major, minor or any other General Education requirement.

\*\*These Connections are three-credit experiences taken as part of the major and hence add no credits to those required for the major.

Directions and Connections must be three-credit courses. Directions are to be lower-level, accessible to one and all, taken the first and second years and cannot be team-taught; cap is to be 25-40.

When a lecture and its laboratory are corequisites, credit for both must be earned in order to meet the Scientific Inquiry Direction. No one course can satisfy both the Mathematics Foundations and a Quantitative Reasoning in the Discipline Connection. One course can not be a Direction and a QRCO, TECO or WRCO. To be a QRCO, the course has to be required by some program.

All syllabi must describe how the course is satisfying the Direction and/or the Connection.

*Note:* A Directions course may not be used by a student to satisfy an elective in the major. To denote a Directions course, DI will be added to the subject code, following the two letters for the discipline, to indicate that the course is a Direction. These four letter subject codes will be printed with the course each time it appears in the Schedule of Classes and in the Catalog. For example,

CSDI 1200    Web Expressions is a Computer Science (CS) course that is a Creative Thought Direction (DI)  
MUDI 1310    Exploring Music is a Music (MU) course that is a Past and Present Direction (DI).

Courses approved during 2005-2006 as Directions or Connections have 5/2010 as their sunset.
